SELECTION OF BERRY.

It is not generally known by the average coffee consumer that these new possessions of ours can produce coffees which cannot be excelled by Arabian, Brazilian or Java growths. Owing, however, to the different nature of the rich soil, the coffee grown on these islands possesses a peculiarly palatable flavor, not to be found in coffee berries grown elsewhere. It will be noted by the purchaser of a package of Dudley Coffee that the berry is of an unusual shape. The utmost care is used by our buyers in selecting coffee berries to maintain a uniform quality.

MIXING AND CURING.

After the coffee berries reach our warehouse they are carefully tested and blended while still green in the correct proportions to produce that delicious flavor and aroma which have made Dudley's Coffees famous. This blending is a delicate process, for no two lots can be blended in like proportions to produce the same results. After this blending they are aged and cured by our special process, which insures the consumer against harmful effects which follow excessive use of the average brand of coffee.

battle is raging at Port Arthur.

BLENDING AND ROASTING.

When the berry is properly aged and cured it is ready for roasting. We have perfected a process of roasting which produces remarkable results and as our coffees have been blended before roasting they flavor perfectly during this process. There is a big difference between "Mixers" of coffees and "Blenders" of coffees. Anyone can mix coffees, but blending coffees is an art and a life-long study. The Blender of Dudley's Coffees has a national reputation. In fact, he has received his fourth appointment as Inspector of coffees for the United States Government. "It's all in the Blend."

CLEANING.

After roasting, our coffees are thoroughly freed from all dust and impurities by special machinery and are then subjected to a process no other coffees ever were.

Every ounce is picked over by hand and every berry that is the least off color or shape is thrown out.

This is one of the secrets of the health-giving properties of our coffees, for it is these bad berries that some coffees.

PACKING.

All Dudley Coffees in the various kinds are put up in one-pound packages, either in cans, cartons or parchment-lined bags. Each of these packages is hermetically sealed. Coffee put up in this way will retain its flavor and aroma indefinitely. In order to still further insure the retention of the delightful flavor and aroma which we work so hard to obtain, we refrain produce the bad effects of drinking from grinding and put up all Dudley's Coffees unground.

RESULTS.

Richest aroma and flavor.

Absolute uniformity in quality.

Rich coffee color in cup

Freedom from harmful effects.

Yet withal cost no more than inferior brands.

DUDLEY'S FAMOUS COFFEES

Put up in I-Ib. Cans, Cartons or Parchment-Lined Bags with the Dudley name on each. As they cost you no more than ordinary Coffees, why not try them? It will be a revelation. You have never really known how delicious Coffee can be till you have tried Dudley's. We vouch for this. **EXCLUSIVE AGENTS:**

Harriman to Continue His Contest In the Courts.

Los Angeles, Cal., April 22.-When shown the New York dispatches relating to the vote of the shareholders on the distribution of the Northern Securities company's assets, E. H. Harriman said:

'What our next step will be is hard for us to predict at this distance. The question promises to be a legal problem of considerable dimensions and all I can say is that we shall contest the case in the courts to the end. The injunction obtained Wednesday, as well as other cases that are incidental, will be fought out in the courts."

Alleged That Attempt Had Been Made to Influence Talesmen.

Detroit, Mich., April ...-Judge James Phelan last night dismissed the third jury that has attempted to try George W. Parker on the charge of murdering his brother-in-law, James Moore. The first jury was dismissed after an investigation of charges that the jury had been tampered with; the second jury disagreed, and Monday it was again a case of charges that attempts had been made to wrongly influence the talesmen. Former Talesman Charles R. Hinkley has been sentenced to thirty days in the county jail for attempting to tamper with the third jury. The work of securing a new jury will begin Thursday.

Parker, the defendant, has been prominent in military circles, and Moore, who was killed, was a prominent singer of Detroit. Judge Phelan also dismissed the entire present panel of jurors.

NEW UNIONISM IS DISCUSSED

THERE WAS A GOOD ATTENDANCE

He Will Lecture Again on Monday Evening Next Defining What Socialism Is.

There was a very good gathering last evening at Gardner hall of those interested in Socialism, when Rev. Carl D. Thompson delivered an address on "The New Unionism." His address was very much enjoyed by those present and it is more than likely that he will be greeted by a large audience next Monday evening at the same place, when he will be heard on the subject, "Socialism, What is it and Why Do We Urge It?"

The speaker last night dealt in an able manner, from the standpoint of a Socialist, on the questions of wages, the cost of living, the unemployed, woman and child labor, the strike and boycott, will be admitted free if accompanied by the alignment of forces, and in conclu- a paid 50c ticket. NEW UNIONISM IS DISCUSSED

Rev. Carl D. Thompson, the Socialist Lecturer, Delivered an Address Last Night

THERE WAS A GOOD ATTENDANCE

He Will Lecture Again on Monday Evening Next Defining What Socialism Is.

There was a very good gathering last evening at Gardner hall of those interested in Socialism, when Rev. Carl D. Thompson delivered an address on "The New Unionism." His address was very much enjoyed by those present and it is more than likely that he will be greeted by a large audience next Monday evening at the same place, when he will be heard on the subject, "Socialism, What is it and Why Do We Urge It?"

The speaker last night dealt in an able manner, from the standpoint of a Socialist, on the questions of wages, the cost of living, the unemployed, woman and child labor, the strike and boycott, the alignment of forces, and in conclusion the speaker said:

"If the laboring class must enter the field with their political power, what party shall they join? There is but one answer viz: the party that has for its platform the principles that assure the aborers the belief they seek. There is but one party in the world that stands for the collective ownership of the material means of production, and that is the Socialist Party of America, and of the world. This is and has been for fifty years the distinct party of the laborers the world over. And it carries everywhere the same demands. Tais is the program and this the political party Grand Orient C. D. Chicago, April 23 .- Atheist to the The wreck that occurred between last, but seemingly unnerved completethe car barn bandits, was hanged Fricompanions in crime, Gustav Marx and Harvey Van Dine, who, standing erect, kissed an image of Christ and died without a tremor.

The three executions were separate, twenty minutes apart, the same scaffold being used for all. Only once before in the large number of executions that have taken place at the jail in this city has it been necessary to carry a condemned man to the gallows as

The crime for which the three bandits paid the penalty was one of are known to have committed-that of car barns of the Chicago City railway.

Neidermeier had boasted continually of his courage, but as the last moments approached he collapsed and was unable to take three consecutive steps of a march to the gallows.

Dr. F. W. McNamara, the jail physician, had visited Neidermeier pre viously and said the bandit's physical condition was satisfactory.

Vaunted Courage Fails.

The bandit himself told Chief Deputy Sheriff Peters, who appeared with the death warrant, that the last walk would be without aid. Deputy Peters then read the document, and Neidermeier started from his cell. He had gone only two steps when he sank, 2 lc each and it was found it would be necessary to lift him to the scaffold.

Immediately Neidermeier's feet were We have unpacked 30 cases of shoes strapped together. He was handcells. Then three deputies carried him 300 pairs of Men's, trousers, the down a flight of stairs. Entirely contrary to general expectations Neidermeier made no effort at resistance. The bandit, instinctively moving his head that the rope might more easily be arranged, took a last glance at the spectators. He appeared as if in a stupor. A moment later, at 10:35 o'clock, the trap fell, the chair being quickly removed from behind as the body shot downfour times what we ask for arranged, and fearful muscular struggles of the dying man continued for fifteen minutes in view of the witnesses of the execution.

Thought He had Strangled.

The convulsive movements of Neidermeier's body while he was suspended led the physicians to believe that he had horribly strangled to death. After an official examination, however, it was said his neck had been broken

Marx walked slowly to the scaffold with several priests, after having confessed, repented and received the last sacraments, as did Van Dine, both men having been converted to the Roman Catholic faith, following the death sentence. Marx, like Van Dine, was neatly attired in black and in the coat of each was a white rose. Neider meier wore a rose of dark red. Marx showed no emotion while on the scaffold and in a steady voice repeated a litany after the priests. He ferventy kissed the crucifix and at 11:17 o'clock was hanged. His neck was

Messrs. Morgan and Gorman Named as Conferees on Canal Bill.

Washington, April 23 .- The general deficiency appropriation bill occupied the major portion of the senate's time Friday, but before it was taken up Mr. Gallinger spoke at some length on the tariff policy of the Republican party. ROOSEVELT ASSAILED

MR. KITCHIN OF NORTH CAROLI-NA MAKES A BITTER ATTACK ON THE PRESIDENT.

Washington, April 23.-Late Friday President Roosevelt was assailed bit terly by Mr. Charles Kitchin of North Carolina, who included in his castigation General Grovenor, whom he charged with having humiliated Theodore Roosevelt, the vice presidential candidate, whom in a recent speech in the house he had glorified as the worthy successor of McKinley. Mr. Kitchin likened President Roosevelt in this connection to the ant hill taking the place of the mountain, the owl's screech taking the place of the that this is Neidermeier was half crazed when the tomb's symphonies, and to the minnow death warrant was read. He became taking the place of the whale. He deangry and protested against execution, clared that the president had insulted the people of the South by saying in one of his publications that throughout Southern character there ran a streak of brutal barbarism. He openly charged the president with being the advocate of lynch law and quoted from one of the president's books to sustain his assection. In his opinion the president, whom he said while governor of New York had styled the members of congress as a herd of cattle, was unfit to hold office, and a dangerous man.

General Grosvenor admitted that four years ago he opposed the nomination of Mr. Roosevelt for vice presicensed at his companion for having dent, but said Mr. Roosevelt had since won the confidence and esteem of the people by his acts, and that he reached the supreme heights when he declared at Buffalo that he would carry out the policies of McKinley. Since then the president had grown to be one of the great men of the country. The president, he said, was more dangerous to the Democratic party than any other
